Supervisors Pass Curfew Ordinance At Meet Monday

Parents, Guardians Liable For Offenders Against New County Law

NEVADA CITY— Clamping down not only on juveniles of the county who have been loitering in streets and becoming involved in a series of crimes and disorders for the past several months but on their parents and guardians as well, the Nevada county board of supervisors Monday afternoon passed a county law requiring children under 17 years of age to be off the streets between the hours of 10:30 p.m. and 6:00 a.m. in all unincorpated areas of the county. The action followed a conference with law enforcement and city officials of the cities of Grass Valley and Nevada City as well as the county.

According to the ordinance, all children under the age of 17 are prohibited from loitering on streets public places, or places open to the public within any unincorpo ated area of the county between 10:30 p.m. and 6:00 a.m. Children may be in the streets or out after curfew if accompanied by parents or legal guardians or persons having legal custody and control of the child.

The sheriff, constables or any peace officer is permitted by the ordinance to arrest immediately any juveniles violating the ordinance and turn them over to juvenile court to be dealt with by the laws of the state.

The ordinance further states that it shall be unlawful for any parent guardian or other persons lawfully entitled to the care, custody and control of any child under the age of 17 to suffer or allow such child to be unlawfully on the streets, public places or places open to the public during the curfew.

Law enforcement officers are ordered to arrest all such adults, with punishment deemed as guilty of a misdemeanor and punished by a fine not exceeding $100 or imprisonment not exceeding 30 days or both.

The board ended their sessions on Tuesday after meeting four days.

HIGH SCHOOL HOST AT SKI MEET HERE ON NEXT WEEKEND

The Truckee High School ski team will be host to an interscholastic ski meet here on Saturday, according to Coach Mancel Justice. The meet was originally slated for March 16 but a conflict with a meet at Mount Rose caused the change. The March 9 date was relinguished by Auburn whose meet was moved up to March 23rd.

The Truckee Outing Club will lend its support and members will assist the local school in staging the meet which will include events in slalom, giant slalom, cross country and jumping. President R. N. Little of the outing club says that the organization's support of the school is part of its program for encouraging younger skiers to take an active interest in the sport.

The club is also planning a moonlight ski party on March 16 and a small meet on March 17, weather and snow conditions permitting.

A program of interest is being lined up for the outing club meeting at Hill Top Lodge next Monday night at eight.

Forest Land Use Plans Told At Rotary Meet

District Ranger Hobart Snider of the U. S. forest service gave a talk on land use plans in this district of Tahoe National Forest at the Rotary Club Monday night. The plans are to render the area fully available for recreation, livestock grazing, timber growing, wildlife production and the use of water originating in the mountain area.

A few members of the local club will attend the formation of a Rotary Club at Fair Oaks tonight. President Art Couillard presided at Monday's meeting.

Andy Anderholden Ill at Solano County Hospital

Friends in this district will regret to learn that Andy Anderholden, a former wdely known resident of Truckee, is in the Solano County Hospital at Fairfield where he has been a patient since he suffered a severe stroke last July.

While Anderholden cannot write because of his condition, he is very anxious to hear from old friends here and would appreciate letters.

Garland Resigns State Job to Seek Board Post

Gordon Garland, director of motor vehicles for the state of California has resigned his position and will be a candidate for the board of equalization from the Second District, opposing James Quinn. The resignation becomes effective March 9 and has been accepted by Governor Earl Warren.

No Change Made On Streams Here In Trout Season

Plans Made To Welcome Game Officials From Two States

A. G. Bradshaw, president of the Truckee Outdoor Sportsmen, who has just returned from attending the meeting of the California Fish and Game Commission in San Francisco, reported that there would be no change in the streams of the Truckee and Lake Tahoe area during the coming summer. Bradshaw also said that it was assured that an interesting meeting will be held here March 30 at 8 o'clock p. m. at Capitol Hall when fish and game officials from California and Nevada will assemble to discuss mutual problems.

Emil Ott, executive secretary of the commission, will be among those attending as well as nearly all the various bureau chiefs. Officials from Nevada's commission as well as sportsmen from the entire district will gather for the session.

It is hoped at the meeting to bring about a closer understanding between sportsmen of the two states and the various representatives. Bradshaw will preside.

Letter from Engle

Bradshaw this week received a letter from Representative Clair Engle assuring the local sportsmen that he is solidly behind passage of HB 4503 which provides for the promotion of conservation of wild life and fish and game on public lands taken over for various developments such as reservoirs, diversion, etc.

RAINBOW, TAHOE TAVERNS SAID TO CHANGE OWNERS

AUBURN, March 7— Rainbow Tavern, poular resort on Highway 40 54 miles east of Auburn, was sold this week by John Flagg to the Cartola Company of Vallejo and Oakland for more than $200,000.

The company is made up of two partners, Joseph Navone and Larry Cartola. They operate Tiny's Restaurant in Vallejo, which they purchased from Flagg two years ago.

Flagg in turn came up and bought Rainbow Tavern from Hirchel Jones for $150,000. The resort has 37 rooms, restaurant and recreational facilities.

Flagg said that he and his brother A. J. Flagg, and the Cartola Company have taken an option on Tahoe Tavern, 265 room resort, largest and oldest hotel at Lake Tahoe.

Last summer Matt Green, builder of the Tahoe Tavern, refused an offer of $350,000 for the establishment. Green is in Florida for the winter and cannot be reached.

Judge Aspirant Speaks at Lions Meeting Last Night

Vernon Stoll, candidate for the superior judgeship from Grass Valley, was the principal speaker at last night's meeting of the Lions Club. Stoll discussed the close human relationship which resulted from the war. Sheriff Carl Tobiassen also spoke briefly as did Del Powell, who was recently discharged from the army.

Sheriff Tobiassen's son, Bill, a student at College of the Pacific, pleased the large attendance with songs which were greatly enjoyed.

Daryl Gaiennie, representing the American Legion, told of plans for a Fourth of July celebration being made by the Legion and Fire Department and the Lions voted unanimously to give the the plan full support.

V. C. Shattuck and Elden Tonini were program chairmen and C. B. White presided.

$749 From Local Justice Paid Into County Coffers

C. E. Smith, local justice of the peace, paid in $749 in fees and fines to the county treasurer in February. The treasurer, Elma Hecker, reported total receipts amounting to $74,519.12 last month while $113,912.39 was paid out. Two large receipts were $21,912.39 for federal and state old age security apportionments and $15,480.12 from the state gas tax.

Ray Saibini, who will celebrate his birthday on March 9, is employed at Mare Island since his return from India.

Red Cross Has $1,200 Quota Here

Florence Sheffield to Head Campaign In Truckee During Month

Sheriff Carl J. Tobiassen, chairman of the drive, this week stated that Truckee's share of the Nevada county Red Cross chapter's $5,000 quota would be $1,200. The $3800 remaining will be raised around the west end of the county.

JOIN!

Mrs. T. T. Buell, chairman of the Truckee branch, announced that Mrs. Florence Sheffield will head the fund drive in this area. As in years past, Wyethia Women's Club will serve as the central organization back of the drive.

Tobiassen pointed out that this year's goal should be easily reached as it is $3,000 less than the mark set in 1945. Last year's $8,000 quota was oversubscribed by $2,000. The drive officially opened on March 1 and the sheriff announced that a "kick off" dinner will be held in the near future at which time an intense campaign will be conducted in all sections of the county.

It was pointed out that, with millions of servicemen still overseas the work being accomplished by the Red cross for the servicemen is badly needed and must be continued. Another big job of the organization is disaster relief in foreign countries and the constant possibility of the need of such relief in this country. A national goal of $100,000,000 has been set for the fund drive during March.

A contribution of $100,000 to the American Red Cross by the Pacific Telephone and Telegraph Company and its subsidiaries, Southern California Telephone Company and Bell Telephone Company of Nevada, was announced by N. R. Powley, president.

Powley stated that the total contribution will be allocated to the various Red Cross chapters consistent with American Red Cross quotas, applicable to the territory served by the telephone companies.

Legion Dance Successful, Plans Fourth Observance

Members of Truckee Post No. 439 American Legion, on Tuesday night heard that the dance they sponsored here on February 23 was a financial as well as a social success. The report was made by Frank Kinne and Max McGwinn and was so encouraging that the post is planning several other such events as regular annual affairs here.

The Legion also discussed sponsorship of a 4th of July celebration in Truckee in conjunction with the Truckee Volunteer Fire Department. Daryl Gaiennie, Frank Giovannoni Roy Waters and Heslin Cardinal were appointed to take the matter up with other interested organization. Commander-elect Gaiennie presided at the session.

Joan Pabst Competes at Speech Contest in Colfax

Competing with three other students at the meeting of the Colfax Lions Club Tuesday night, Miss Joan Pabst of the Truckee high school was nosed out in the Lions-sponsored tudent speakers contest. First place went to Bill Rohl of Auburn who will next compete at the Spring Conference at Chico. Other contestants were Jack Landis of Colfax and Glen Lensey of Grass Valley.

Miss Pabst was accompanied to the Colfax meeting by four past presidents of the Truckee club, A. P Leitch, F. W. Gaiennie, W. M. Englehart Sr. and W. M. Englehart Jr.

New Books On Shelves At Wyethia Library

New books on the shelves of the Wyethia Club library include "The Foxes of Harrow" by Frank Yerby "Those Other People" by Mary King O'Donnell, "The High Barbaree" by Charles Nordhoff and James Norman Hall, "Soldier of Democracy, A full length biography of Dwight Eisenhower" by Kenneth S. Davis and "Village in the Sun" by Dan Chandos.

.: Sun :. Beams

By WALTER M. BARRETT

It is a never ceasing wonder why drivers of automobiles, despite the many horrid examples reported daily continue to use the highways as race tracks. More often than not, it seems, the speedsters come down the center of the road without thought of the other fellow, plowing through traffic at a speed entirely unsafe and without any caution whatsoever. When arrested or stopped they assume a wronged attitude, complain about the officers and defy the courts. Daily more and more accidents are reported and scores are killed or crippled for life through rank and unnecessary carelessness. We are convinced that these stupid drivers must be forced to curb their lust if the highways are to be made safe for sane drivers. That can be accomplished only through more strict rules and heavier punishments. The thing is getting to be an epidemic.

Truckee welcomes Mr. and Mrs. Tony Polyanich back into the business family of the town and will wish them all success in their latest venture.

The Red Cross is again asking your aid to keep its humanitarian program going. We believe that Truckee as usual will not be found wanting in a worthwhile endeavor and that we in this region will again go over the top as we have in the past. The work of the Red Cross needs no explanation. It is vital to the welfare of the men in the service and for civilian benefits. Let's all dig as deep as we can and make this drive the biggest in Truckee's history

SCHOOL TRUSTEES TO HOLD OPEN MEETING ON MONDAY NIGHT

An open meeting of the Truckee School District board of trustees will be held on Monday evening, March 11 at eight o'clcok in the grammar school auditorium.

All parents and other intereste' persons are requested to be present if there are any questions pertaining to school problems that they wish to have answered.

Eldon Tonini, chairman of the board, will preside and it is expected the meeting will bring about greater understanding in the work being planned by the trustees, teachers and parents to benefit the children.

Lois Shontz Wedded to Former Army Sergeant

TAHOE CITY, March 7— At a wedding performed by Rev. Halter of the Lutheran Church at Reno on Saturday, Miss Lois Shontz became the bride of Harold Leaf, a recent sergeant in the army in the South Pacific.

Miss Shontz is the daughter of Mrs. William Shontz of Woodland and a sister of Milton Shontz of Tahoe.

Leaf is the son of Mr. and Mrs Stanley Leaf of Reading, Pennsylvania. Only a few close friends and relatives of the couple attended the ceremony.

Program to Feature K.P. Meet After Month Recess

After a month's recess, Summit Lodge No. 54, Knights of Pythias will meet Friday night in Odd Fellows hall. William Englehart, Jr. states that an interesting program has been arranged and a discussion of candidates for admission to the order will take place. Englehart, who is chancellor commander of the lodge urges that all members attending the meeting tomorrow night wear their lodge fez.

Shattucks Miss Disaster As Axel Snaps on Grade

Mr. and Mrs. V. C. Shattuck had a novel experience and one which they do not want repeated, yesterday when a rear axel broke on their car as they were rounding a curve going up Donner Grade. Due to the lack of brakes, the car went on for 100 yards or more before it stopped and it took some time to find the missing wheel.

Mr. and Mrs. Norman Rockholm of Reno were local visitors on the last weekend.

Restaurant Here Changes Hands, To Open Shortly

$40,000 Is Reported Price As Polyanichs Buy California Cafe

The largest real estate transaction to be consummated in Truckee in recent years was the transfer of the California Restaurant from Mr. and Mrs. Anton Filipcic, now of Sacramento, to Mr. and Mrs. A. B. Polyanich of Truckee.

The Polyanichs, who were in the restaurant business here for nearly 20 years before they sold their Tony's Coffee Shop to B. W. Reynolds three years ago, purchased the California building with all the equipment at a price said to be in the neighborhood of $40,000.

The new owners plan to remodel the interior of the restaurant and lounge adjoining and have it ready to open between April 1 and 15. They have already made contacts with supply houses for new fixtures, but until they are available will operate with the present equipment.

It is the desire of the Polyanichs to make the lounge one of the most attractive in the region and promise only the best quality merchandise in both restaurant and bar.

The California was built in 1933 by Filipcic and is one of the most modern buildings in Truckee. The restaurant was operated by Filipcic and Anton Mahne until the start of the war when it was closed and has remained closed since.

The Filipcics plan a trip to Seattle this summer and next year plan a trip to Europe.

The restaurant and liquor business are not new to Mr. and Mrs. Polyanich and they will devote their interests to making the California second to none in the region.

Study Made of Snow In Truckee Area for Water

Data recorded at the Truckee ranger station by District Ranger H. I. Snider and Dr. J. E. Church of Reno, reveals that the moisture evaporation from the snow surface amounted to .66 of an inch during the month of February. Determining snow surface evaporation is made possible by measuring the water melting catch basin over one month's time and adding that figure to the difference of the snow water content between the first and last of the month, thence subtracting the result from the total fall of precipitation for the month of February, which was 2.96 inches.

The amount of snow that melted and ran into the ground during February at the local ranger station catch basin amounted to only .02 of an inch.

The precipitation at Truckee during February was 1.32 inches below normal but the total received since last September 1 is 9.17 inches above normal as of March 1, Snider states

Gene Barton Promoted as Airlines Pilot In Memphis

Gene Barton, former Truckee businessman, was selected from a class of 50 pilots by the Chicago-Southern Airlines to be promoted to the rank of captain. The Bartons have a new home in Memphis and Captain Barton flies a passenger plane from there to Chicago and St. Louis. Friends here will join in congratulating the young pilot.

George Keetch Returns To Duty as Pharmacist

George Keetch, PhM3c, writes this week that he has reported back to duty after an extended leave to his home in Susanville. Keetch is a former Sierra Sun employee.

George has been assigned to a Landing Ship, Medium—LSM—and is the only pharmacist on board. He writes that he has as much independence as possible consistent with regulations and likes his new post—so far. He reports they have a dog on board that "just loves to drink coke from a bottle. It's got to be out of a bottle."

To Take Apartment—

Mr. and Mrs. Max Kappner will occupy one of the S. M. Richardson apartments when the latter arrives here from the south during the weekend.

Dolley Candidate For Second Term In Constable Job

"Because I Like It" Given As Reason for Try For Reelection

N. F. "Tom" Dolley this week announced that he will be a candidate to succeed himself as constable of Meadow Lake Township at the primary election June 4. Thus far no other candidate has indicated they will seek the post.

Dolley has been constable for the past four years and prior to that was a deputy sheriff here for more than 12 years, during which time his capabilities as a peace officer became widely known. Some of the most difficult criminals have been arrested by the local officer.

With his partner, Anthony Pace, Dolley is in the grocery and hardware business here, devoting much of his time, however, to the duties of constable. Dolley has also been fire chief for the past ten years, but has given up his previous business in insurance and as Railway Express agent.

"I seek to retain the office because I like it," Dolley declared. "I have tried to be a good officer and believe I have succeeded. It will be my desire, if reelected to continue to serve this district to the best of my ability."

NAVY NURSE HURT AS CARS COLLIDE AT WYE SUNDAY

Three motor vehicle accidents in which two people were injured, were reported by the highway patrol for Sunday evening when a freak storm deposited ice on the pavements. One man was cited for driving on the wrong side of the highway.

Most seriously injured was Rachael Thredt, 25, a navy nurse from the Oakland Naval Hospital who suffered injuries when a car driven by Beverly Warner, 24, also a navy nurse, collided with the rear of an automobile driven by Harold Quinn, 52 a Boise, Idaho, contractor, at the Tahoe-Truckee Wye at 5:30 Sunday evening. Miss Thredt was treated by Dr. J. H. Bernard. Patrolman William Gautsche investigated.

Benny McAhern, Jr., 22, a passenger in a car driven by Ernest Eugene Egbert, 31, of Truckee, suffered minor injuries when Egbert's car collided with one driven by Jean Louis Tagieferri, 41, San Francisco, near Donner Lake Sunday evening. Egbert was cited for driving on the wrong side of the highway and driving with a suspended license. Patrolmen M. A. Peterson and Gautsche investigated.

The third Sunday accident occurred when a car driven by Harvey Jaines of Arizona, struck a car parked on the side of the highway in which Donald Logan, 19, Oakland, was sleeping near Hirschdale. Jaines was cited for hit and run by Patrolman Gautsche.

Several minor mishaps were reported during the evening, none of which resulted in personal injury.

Ground Glass Kills Pet Of Earl Johnson Family

A veterinary reported to Mrs. Earl Johnson that the stomach of Nick, a hunting dog belonging to the family, showed evidence of ground glass, following the recent death of the animal. The dog lived and suffered for several days which caused Mrs. Johnson to consult the veterinary.

PTA Meets for Discussion Of School Tots Problems

The Parents and Teachers Association met at the grammar school auditorium on Friday evening, March 1. An enthusiastic group held a round table discussion concerning problems common to children of school ages. Mrs. T. Mellon presided

Jewelry, Watch Shop Here To Open In Near Future

Richard Ackerson this week is completing the remodeling of his new jewelry store and watch repair shop in the building formerly occupied by the offices of Morrison-Knudsen adjoining the Truckee Bakery. Ackerson is installing new fixtures and all the latest equipment for watch and jewelry repair. He expects to have the store opened the latter part of this week or the first of next.

In the meantime, Ackerson is doing his work at his residence in the McKelvy Apartments.

Bakery Opening Receives Good Support on Monday

The Truckee Bakery, under the management of Mr. and Mrs. Angelo Pardini, opened Monday and for the first time since it closed nearly four years ago, Truckee shoppers are able to procure home baked goods. The Pardinis expressed appreciation for the reception given them in their new venture in Truckee.

What is Promotion?

THE usual concept of promotion has to do with a desire for progress along material lines, and, therefore, implies limitation and the possibility that the promotion may not come to pass. This, in itself, is a defeatist attitude and not one of advancement. . . .

A true sense of promotion is an absolute knowledge of how to rise to greater dignity through the daily example of demonstrating God's idea, perfect man. All too often those seeking promotion are too immersed in man-made theories and need the light of spiritual understanding to demonstrate true advancement. The correct concept of God leads men out of material modes of thinking and living into the glorious realization of continuous opportunity for growth in that spiritual perfection which is man's heritage. The upward urge leads onward to greater and higher attainment. Mary Baker Eddy writes in "Science and Health with Key to the Scriptures" (p. 239), "To ascertain our progress, we must learn where our affections are placed and whom we acknowledge and obey as God." She adds, "The objects we pursue and the spirit we manifest reveal our standpoint, and show what we are winning."

This elevated thinking makes it possible for God's man, wherever he is serving, to know that real promotion is that which leads him onward spiritually to know the Godlike qualities of true being, and to prove his knowledge in his daily living. This brings its own reward, its own progression into higher, purer, more spiritual realms of thought. Christ Jesus had something to say about true promotion. He told his listeners (Luke 14:11), "Whosoever exalteth himself shall be abased; and he that humbleth himself shall be exalted."

Under God's law, we can continually express activity and understanding, progressing Spiritward. As our understanding that God is Love, divine Principle, increases, our recognition of good increases. Thus each hour can be one of progress, and of orderly unfoldment of good in human experience. Holding thought constantly to the spiritual and true is a real accomplishment, especially when one seems to be surrounded by material thinkers; but it can be done, and each step forward is real gain, and strengthens our courage, confidence, and high purpose. It raises us to a broader, higher realm of thought apart from the pull of materiality, and guides us by the healing light of Truth, which reveals the purity, kindness, intelligence, wisdom, honesty, and steadfastness of purpose which are always ours. This is promotion! This is real advancement!—*The Christian Science Monitor.*

Catholic Charities

An accounting by the Sacramento diocese of the Catholic Church shows the following contributions to charities from Assumption parish, Truckee, in 1945: Diocesan Society for Propagation of the Faith, $21; China Rice Corporation, $30; St. Columban's Society for Foreign Missions, $364.35.

$10,000 Is Sought From Kielhofers In Crash Suit

NEVADA CITY— Robert A. Burgren filed suit here against Karl K. and Rose Kielhofer, asking $10,428 damages for injuries suffered in an automobile collision on Highway 40 at Truckee on November 10, 1946.

Burgren charges he was traveling east and Kielhofer west when their vehicles collided as a result of the latter's careless driving.

In 70 years, teh scalp raises 15 pounds of hair.

VOLZ HONORED BY NEW YORK LIFE FOR GOOD RECORD

The New York Life Insurance Company has announced that Lou Volz of Auburn is among the California Leaders with the most outstanding record for the past six months.

Volz entered the life insurance business with New York Life in September of 1945 and has compiled one of the most outstanding records in the west and is the leading producer for the company in northern California area. In addition to his outstanding record, Volz successfully passed the company's educational training requirements with one of the highest grades ever made by a company representative. He is well qualified to serve the insurance retirement needs of the people of his community and surrounding area.

STATE BALANCES BOOKS FOR FIFTH STRAIGHT YEAR

SACRAMENTO, March 7 —(UP)— California spent an all-time high of $310,509,498 to keep its government running during the fiscal year ending June 30, 1945, State Controller Thomas H. Kuchel announced this week.

The 1945 figure was $41,808,051 above the 1944 total of $268,701,447.

Bu. consolidated state revenues from all sources also reached an all-time high during that fiscal year Kuchel said, totaling $422,862,029. Revenues exceeded the cost of government for the fiscal year by $112,352,531. Revenues have been greater than expenditures for the last five years, the controller pointed out.

Unemployment insurance benefits and taxes were not included in the expenditure and revenue totals Kuchel said, because they are treated as trust transactions. During the fiscal year ending June 30, 1945, unemployment insurance taxes deposited in the state treasury totaled $164,162,201. Withdrawals that year totaled $14,240,167.

Rising government costs were caused largely by allocations to the state legislature, the department of education, the board of equalization, the department of motor vehicles, aid to county and district fairs and aid to local agencies for civilian defense

The San Farncisco Telephone Building on New Montgomery street houses the city's official storm warning station.

Steel will float in liquid mercury, sink in any other medium.

Mud-Daubers

By GEORGE S. BENSON
President of Harding College
Searcy, Arkansas

Looking Ahead

A TRIBE of insects artistocratically named Sceliphron (common mud-daubers) got busy one summer and built a fort inside the vent pipe on top of a big steel tank of heating oil. The tank had been filled in the Spring for Fall marketing and stood quiet for months. Finally came an order for a barge load of heating oil and the plant owner started pumping it out of storage. Suddenly the big tank collapsed.

The oil man's motor-powered pump silently pulled out the liquid and built up vacuum inside the tank. Being in a position to plug up a vent line and call down the forces of nature to destroy property and waste merchandise is too much authority for a mud-dauber. To be perfecty frank, the more I observe the workings of the OPA, the surer I am that such authority is too much for anybody.

Severe Strain RIGHT now our governmental price fixers have the vent line closed on some exceptionally tight structures and the pump has already started. "People who buy machines shall not pay more for them," says government, although people who manufacture machines must pay more, much more, for every hour of effective labor, and for every pound of processed material.

I am in favor of workers getting high wages. The more take-home pay America's factory workers earn and get, the more food and feed stuff our farmers will sell. It means prosperity. Just the same, nature's laws are inexorable. If wages keep going up, somebody'd better uncork that price-line or business is sure to collapse. Some firms have crumpled already and more are in jeopardy.

Vital Thrift AMERICA'S big manufacturing concerns have some strength; of course they have. They need financial strength to navigate economic storms, race with competition and meet payrolls on schedule. The more strength they have the more useful they are. That oil man's tank had a great deal of strength too; was useful because it was strong, but it buckled because a mud-dauber asked it to hold a vacuum.

Big corporations *have* to be efficient. If they grow extravagant, a lot of small concerns with lower overhead stand ready to undersell them and take their trade. Accordingly, big firms must operate on thin margins of profit. Figuratively, they are tight. They can be "pumped down" by holding their prices and boosting their costs. Ford declares a $27 net loss on every new car sold at prices fixed by government.

Nearly everybody knows that America's advantage over foreign lands is based on mass production and volume sales, things we have that they don't have. We have nothing to gain and much to lose by wrecking big industries. Theodore Roosevelt said, "It either is or ought to be evident to everybody that business has to prosper before anybody can get any benefit from it."

Like your other Electric Appliances

The ELECTRIC RANGE IS EASY AND ECONOMICAL TO USE

Your next electric servant in the home should be a modern electric range. When you use it you will encounter many delightful surprises. With it the fine art of good cooking becomes so simple and so clean that results will seem like magic.

The speed of the new electric range elements will amaze you. And with this speed there is the accuracy. Cooking temperatures are under control automatically. Oven temperatures are scientifically regulated to assure uniformly tenderized, perfectly cooked roasts, and all your favorite cake recipes become time-after-time successes.

Take a step forward in better living by giving yourself and your family the benefits of electric cooking. Like your other electric appliances, the electric range gives a service you would never be without once you know how much it does for you and how little it costs with today's low electric rate.

MY PLACE in the SUN

by DOUG BARRETT

It has come to our attention that one of the most despicable of human —or, I should say, sub-human—beings is at large in Truckee. At least four cases, and likely more, of dog poison-have been reported in town with two of them fatal. The poison employed, as would become a mean mind small enough to poison family pets, is the most vicious conceivable — ground glass. It is the ultimate aim of justice to make the punishment fit the crime. It is hard, however, to find a punishment to fit anyone so low as to administer this cruel potion to defenseless and harmless family pets. Since it is not to be supposed that a person so calloused and without principle as to stoop to dog poisoning will be affected by anyone's opinion, the only thing to do is keep a watchful eye on your pets and hope this fiend will soon get tired of his sorry sport—or get a sample of his own medicine.

Street Seens: Wonder where James Owens, our new banker, gets his white shirts....Angelo Pardini and the missus looking tired but happy on opening day at Truckee Bakery ....Dave Cabona and Dinah enjoying the pre-spring sunshine....Dr. J. H. Bernard, one of the hardest working men in the mountains....Bud Zorich and Herman Owens wishing it was fishing season....the two Tonys—Polyanich and Filipcic—binding their big deal in the old fashioned way.... Rev. and Mrs. Quattlebaum Monday marketing....Dick Ackerson & Barney Phipps burning the midnight oil getting the former's shop ready to open....Bill Curran of the forest service just in from a ski trek to North Tahoe and back....Johnny Moro and his son in law, Pete De Ponte, greeting old friends in front of the Sport Shop....the Gateway Park P&B Association holding impromptu sessions over a local problem....Rasco just getting in lots of boxes....Bat Riordan walking up the ties to the round house.

Pretty little Jean Johnson from up the road got her picture in the February issue of Southern Pacific Bulletin, an SP employees' magazine. The excuse for printing the pix—as if any was needed—was that Jean is being transferred to the division photo section in Sacramento. That the admiration of a lot of local lads is shared, is proved by the caption, and I quote: "That Jean makes as well as takes a good picture is evident in this picture showing her dressed for skiing, her favorite sport.

Waved hello to Viv Gregory in the Sportland the other day and noted she had a copy of the World Almanac for 1946 on sale. Being a sucker for said book, I immediately purchased it. In checking through, I found a college in Pennsylvania with 12 students and 28 teachers. A listing of the various associations and societies Americans belong to covered 13 pages in fine type, double column The American Philosophical Society, founded in 1743, seems to be the grand daddy of them all. One that really intrigued me was the American Larynological, Rhinological and Otological Socieyt, founded in 1895 and boasting a membership of 475. Then there's a lot of useful information in the Almanac, too.

The smallest piece of real estate in the world is a 24-inch long strip or Christopehr street, New York.

During the 1944-45 season, California packers processed 3,656,457 cases of sardines.

★

LET'S TAKE STOCK NOW

Everybody wants goods.

Manufacturers want to make them for you.

Yet months after the war's end, you still find it difficult to get many of the things you want and should have.

So, isn't this the time for all of us to take stock . . . to learn a lesson . . . to find out, if we can, what will cure the troubles we are having and prevent their recurrence?

Let's look ahead and agree on a program that will insure the full production everybody agrees is the real answer to most of our problems.

Suppose we begin by taking a good look at three roadblocks to prosperity...

STRIKES

Whatever their justice or injustice, strikes paralyze production, force people to use up their savings, and result in losses that can never be made up.

PRICE CEILINGS

Full production isn't possible when industry suffers losses because of rising costs and frozen prices. Price ceilings limit production — goods just don't get made.

GOVERNMENT SPENDING

Continued huge government spending means continued high taxes. High taxes discourage production, hinder the creation of jobs, and leave you less to spend.

ISN'T THIS THE WAY?

The people, through Congress, can remove these roadblocks in the long-range interests of all . . .

By establishing a labor policy that will treat labor and management exactly alike, and above all be fair to the public;

By removing the shackles of price control on manufactured goods;

By cutting down on government spending now and balancing the Federal budget by the 1947 fiscal year at a level of income and outgo that taxpayers can stand.

Do you believe this program is in the public interest?

Your Representatives in Congress are the only ones that can put it into effect. Tell them how *you* feel about it.

NATIONAL ASSOCIATION OF MANUFACTURERS

FOR A BETTER TOMORROW FOR EVERYBODY

GENERAL OF THE ARMY GEORGE C. MARSHALL

MARSHALL HOLDS RED CROSS VITAL TO U. S. SERVICES

General George C. Marshall, former army chief of staff and now U. S. ambassador to China, issued the following statement in Chunking recently in support of the American Red Cross:

"Although the great war is at an end the overseas service of the Red Cross are as important today as they were at the peak of the fighting. From Europe to Asia and throughout the Western Pacific American troops are serving their country, to determine whether we are to win or lose the peace.

"Such service is trying and difficult for ou men....The patriotic ap peal of the war no longer inspires the soldier. His life has become a monotonous routine and it is hard for him to comprehend the importance of his particular mission to the future of America and the world.

"In this situation, the Red Cross has an extremely difficult and vital role to perform. More thn three thousand of its field epresentatives are now operating installations in the occupied countries to provide recreation and welfare services for our soldiers. It is imperative that this wrk continue. I urge that our citizens contribute generously to make it possible for the Red Cross to carry on this important work for the men of the Armed Forces who are serving their country far from home."

The Red Cross is conducting a national appeal for funds during the month of March. The goal has been set at $100 million.

SNO-CAT WORKS OUT ON SLOPES OF MT. ROSE WITH SUCCESS

LAKE TAHOE— Eugene Tucker and sons with a Tucker Sno-Cat and trailer spent last weekend in the Mount Rose snow country, between Reno and Lake Tahoe, reporting outstanding success in conveying skiers up the slopes of the mountain.

The Sno-Cat carried 16 men and equipment as far up the slope as they cared to go and probably could have gone to the summit of the 10,000 foot mountain.

BOUT WITH COFFEE LEAVES SACTO MAN WITH MANY WOUNDS

SACRAMENTO, March 7 —(UP)— Frank Taylor of Sacramento was prepared today to testify to the chain reaction of a cup of ordinary home-brewed coffee.

He had wounds to support his statement.

Taylor was drinking a cup of coffee, see? It was hot and he choked.

His false teeth got cross-wise in his mouth and bit his lip.

Victimized and harrassed by his own teeth, he fell off the chair. He cracked his head against the table and cut his ear.

It was just a cup of coffee.

An average of 2740 passenger vehicles were retired from service each day during the past four years. The total number dropping out of service for the period amounts to about four million cars.

TAHOE SKI GROUP PROTESTS SALE OF MONO LAND TO L.A.

TAHOE CITY— The Lake Tahoe Ski Club at their regular Friday night meeting went on record against the sale of Mono county lands to the city of Los Angeles.

The land in question consists of 24,000 acres of public domain in Mono county which the southern city is seeking to purchase at $1.25 an acre. Congressman Clair Engle of the second California district has introduced a bill in Congress to remove the land from the possibility of such a sale and the Mammoth Mountain Winter Sports Association and Ski Club is seeking support of the Engle measure.

The land covers the shores of Mono Lake, Grant Lake and choice resort areas in southern Mono county. The Mammoth Mountain group is opposing it on the grounds it would set a precedent for other land grabs by other cities.

Mrs. Floyd Carnell, hostess at last week's meeting was aided in serving refreshments by the Misses Judy Rost and Colleen Morhain. Mr. and Mrs. Ray Frazier will serve at next week's meeting.

Between 50 and 60 attended the session Friday night at which President Kathleen Starratt presided. At the time ot the meeting the club had 243 members in good standing.

Tahoe Woman Has No Birthday, Feted Anyway

TAHOE PINES — Mrs. Annie Soll of Tahoe Pines, Tahoe's leap year baby, was again forced to go without a birthday this year, although her friends remembered her on Feb. 28 just the same. According to the calender she is only 13 years old, but readily admits her real age as she has a grown daughter.

Mr. and Mrs. Ray Matchem of Truckee and J. E. Pomin of Idlewild joined the Solls for a birthday dinner and the Charles Swanson, Jacquelyn Kincaid and Norb Contival joined the party later in the evening.

Mrs. Elizabeth Walker of Truckee River entertained guests on Saturday although confined to bed for four more months with a hip injury. Those enjoying the dinner that evening were John Franklin, Marie Steenis and son Billie, Mrs. Eleanor Swanson Jacquelyn Kincaid and Norb Conival

Game Warden Bill LaMarr was a Sacramento visitor on Sunday last.

TAHOE JUSTICE TO RETIRE; TWO SEEK CONSTABLE'S POST

AUBURN— Mrs. Evelyn Bliss of Tahoe City is the only incumbent justice of the peace in Placer county not seeking reelection in the June primaries. Carl Bechdolt, Sr., Tahoe City hotel man, is the only candidate for the post.

Constable Harry Johanson will be opposed in his bid for reelection at Tahoe by F. E. Walker of Tahoe City.

Women's Club of Tahoe Sponsoring Clothes Drive

TAHOE CITY— The Women's Club of Tahoe met last Thursday in the community hall for one of their infrequent winter meetings. President Eleanor Swanson presided.

Mrs. Swanson, who contacted H Ciardella of Truckee, has accepted the chairmanship of the clothing drive at Tahoe for needy Europeans. Anyone having clothing to donate to this worthy cause may contact Mrs. Swanson at Tahoe City 66J, bring them to her home or leave them in town. They will be taken to Truckee and held until a sufficient amount is on hand for shipment. The club is sponsoring the drive here.

Miss Florence Vernon was appointed chairman of the club's literary section and during the summer will arrange for book reviews and other entertaining programs.

The members voted to meet the first Thursday of each month hereafter until such time as the regular meetings are resumed in June.

A donation was mailed to Mrs. Evelyn Bliss at Auburn for the American Red Cross.

Arrangements were made for attending the Wyethia Club's luncheon in Truckee on March 7 following receipt of an invitation from Mrs Sheehan. It is expected that with good weather a large group of Tahoe ladies will be present.

Mrs. Ila Martin was appointed chairman of a May Day luncheon which will be held by the club in their Tahoe hall and to which members of the Truckee club will be invited. Bridge will follow serving of the repast. A tasty menu has been planned by Mrs. Martin and her assistants.

Weather permitting, Tahoe ladies may attend the luncheon meeting of thet California Federation of Women's Clubs at Lincoln on March 21 a tri-county affair.

AUBURN— Among registrants at Hotel Freeman here during the past week was Walter Hempel of Brockway.

Floyd Carnell was a victim of a bad cold and slight attack of flu on Monday morning as he kept to his bed for the day.

TAHOE LETTER To The Servicemen

From SWANEE

Tahoe City, California.
March 3rd, 1946

Dear Tahoites:

It's Sunday again and time to catch up on the week's news once more. We had snow on Saturday and today also, but neither storm was severe and only a few inches fell lightly covering the landscape, and the month of March stole in like the quietest of lambs. Traffic has increased enormously these last few weekends and crowds are becoming the usual thing over Saturdays and Sundays.

On Saturday last three large special Greyhound buses arrived at Tahoe Inn with a otal of 112 "hello girls" from San Francisco who came to spend the weekend on a arranged tour. Lake Chalets Motel accomodated 36 of them that night, Scheleuter's Tahoe Park Cottages put up 31 and the rest were guests at the Inn. On Saturday night they enjoyed dinner at Tahoe Inn, which was followed by a dance. The group left again for home on Sunday at 4 p.m. after having enjoyed a hilarious weekend with a bit of skiing thrown in for good measure.

On Saturday morning Tahoe's younger members of the Lake Tahoe Ski Club left for Reno's Mount Rose Bowl where the interscholastic meet was held. A number of winning places were scored by the youngsters, most of whom are participating for the first time this year in tournaments. Results appear elsewhere in the Sun.

Latest word from Tahoe's Dick Hinkle, now training to become a Sea Marine, was that he is now on his way to China aboard the USS LeJeune. I have his newest address and will be glad to pass it on to anyone wanting same.

Had another letter from son Jimmie last week who is still marking time in North Carolina, and like his buddies, hoping that they will soon be starting on their overseas trek, for they all feel that the sooner they start, the sooner they will return home. He was made fireman recently and is now excused from drills and KP, which doesn't exactly break his heart. He sends along his best wishes to all his Tahoe friends.

Son in law PFC Bill Steenis is still confined to the general hospital at Manila where he is under observation for an island disease. His division, the 5th, is being disbanded so Bill has no idea where he will be sent next. He still is not receiving his mail and s pretty aggravated about it.

Had a nice note from Alberta Pollitt who, with family, is vacationing in San Francisco. Her dad is recovering from his recent operation very satisfactorily she says, and made a vist to hs doctor on Monday last for an examination. He will have to take things easy for a while upon returning home to his supervisory task at Tahoe Fish Hatchery. They expect to return to the lake from their vacation around the end of this week.

Mrs. Gerda Kvistberg, my neighbor of Tahoe Park, wrote again last week that she is spending another week or ten days at the Hotel Lafayette in Long Beach. When her husband, Captain John Kvistberg leaves on his next trip to sea she plans to come to Tahoe for a few days vacation. While in Long Beach she met Everett Prusso, builder and originator of thet popular Ward Creek Forest Inn. He is manager of Montgomery Ward in Long Beach and told Mrs. K he can hardly wait for the time to come when he and his family can move back to the lake for good. And the Swanson family for one of many, will be happy to welcome them home.

Had a pleasant note from Mrs. Evelyn Bliss, vacationing in San Francisco. She has been spending the wintert in Auburn and will probably return in another two weeks to that city to await the return of spring at Tahoe when she can again plan and plant her lovely summer garden. She does not expect to run for the office of justice of the peace again but does not give us her reason for relinguishing office. Ever since the death of her husband, Judge George Bliss, she has carried out the duties of justice court here faithfully and fairly and her host of old friends here will sincerely regret her decision to retire.

And we learned last week that Carl Bechdolt Sr. was the only Tahoeite to file within the time limit for the position of justice of the peace so unless a write-in campaign is waged by some desirous candidate, the job will be probably go to him.

Leave you for another week as news continues scarce, although there are some good stories in the offing. Hope lady luck is still with you all and send along the hearty good wishes of your townsfolk. May God be with you today and always. As ever, SWANEE.

TAHOE, TRUCKEE PLACE HIGH IN SKI MEET AT MT. ROSE

TAHOE CITY— Among those attending the interscholastic ski meet at Mount Rose on Saturday were Floyd Carnell and son Howard, Mr and Mrs. R. Stark and son Bob, Ray Prusso, Pete and Shirley Ables, Al Henry, Terry Tollefson, Bette Wheat, Colleen Morhain and Mr. and Mrs. Rex Tollefson.

Unofficial but reliable reports show the following results:

Regular Slalom

TEAM SCORES

Reno, 100; Westwood, 69.6; Truckee 48.3; Tahoe 47.8; Placer Union, 32.8.

INDIVIDUAL RECORDS

B. Gorman, Reno, 97.1 sec.; J. Parke Reno, 100.7; L. Yparraguire, Reno, 101.4; T. Tollefson, Tahoe, 108.9.

Giant Slalom

TEAM SCORES

Reno, 100; Tahoe 81.8; Truckee, 74.1; Westwood, 71.3; Placer, 28.8.

B. Ramsey, Reno, 50 sec.; J. ETAO

Girls Regular Slalom

Ginny Caples, Reno, 78.9 sec.; Coco Brown, Reno, 84.3 and Bette Wheat, Tahoe, 89.8.

Girls Giant Slalom

C. Brown, Reno, first; G. Capes, Reno second, B. Wheat, Tahoe, third.

Kenneth Immer of Placer took first in jumping with John Rablin of Truckee and Howard Pyle of Placer tied for second.

Mr. and Mrs. Carl Wheat are extended congratulations on the observation of another wedding anniversary on Thursday, March 7. Mrs. Wheat will go to Reno on Thursday to celebrate and return to Tahoe Friday with her husband.

Mrs. Bliss Again to Head Tahoe Red Cross Drive

AUBURN— Chairman Paul McCarthy of the Auburn chapter, Red Cross, this week stated his group's goal in the 1946 campaign for funds would be $16,250. The drive started March 1 and will run all during the month. At the same time he announced that the drive in the Tahoe area will be directed by Mrs. Evelyn Bliss of Tahoe City.

Venezuela has a coast line of 1750 miles.

PLACER NEWS MAN TRYING AGAIN FOR SEAT IN ASSEMBLY

Assemblyman Allen G. Thurman who represents Nevada county in the lower house of the state legislature, this week announced his candidacy for renomination in the coming primary election to be held on June 4th. The incumbent is a newspaper publisher, being editor of two Placer county newspapers, the Colfax Record and the Placer Herald of Auburn, California's oldest weekly newspaper.

Thurman represents the Sixth Assembly District which comprises the following ten mountain counties: El Dorado, Alpine, Amador, Calaveras, Inyo, Mono, Mariposa, Nevada, Placer and Tuolumne. This district comprises one sixth of the area of the state.

Thurman is completing his fourth term in the legislature. He was first elected to the office in 1938. During the nearly eight years he has served the district he has supported all legislatuion of vital interest to the district, cooperating with the four state senators who represent the area in the upper house. He is a member of the following four committees which are of special importance to the district: Conservation and Roads and Highways, Fish and Game, Manufacturing and Mining and Ways and Means.

The incumbent is the only newspaper publisher in the assembly which is composed of 80 members. Of the total membership in the 1945 session, 26 were attorneys, 11 were farmers and ranchers and eight were insurance men. Other members included school teachers, accountants, a secretary of a chamber of commerce, a labor leader, a druggist and members of several other professions and businesses.

::

The Truckee-Tahoe Lumber Company has a crew of men working on their Tahoe City building enlarging the floor display space to three times its former proportions. Charlie Warner is in charge of the carpenter work.

ALLEN G. THURMAN

North Tahoe Couple Are Honored at 3-Way Party

KINGS BEACH— About 150 friends and neighbors gathered at Carpenters' Hall here Saturday last to honor Mr. and Mrs. John Gallerani. The affair was in celebration of their tenth wedding anniversary and both of their birthdays.

The hall was crowded to capacity despite inclement weather and an evening of dancing was enjoyed by all. A buffet supper was served at midnight.

The Galleranis received many lovely gifts on the occasion.

::

Placer Treasurer, D.A. Both Seek to Keep Jobs

AUBURN— Two more incumbents have announced their intention to seek election to Placer county offices at the June 4 primary election.

Sam B. Dunton, county treasurer, bases his campaign on his record since taking office in 1935 to succeed the late George C. West. Dunton was elected to the office in 1938 and again in 1942. In 1929 he was appointed as the county's first purchasing agent, holding that post until he was appointedt to the post he now holds

Appointed in November 1944, to fill the unexpired term of Lowell L. Sparks, District Attorney Clarence E. Tindall will be a candidate to retain the office. Sparks is now superior judge of Placer county. Tindall was admitted to the bar in 1914 and had served 10 years as eputy district attorney before taking his present office. He is married, the father of four children and a member of the Lions, Odd Fellows and Masons.

TAHOE BRIEFS

The lake level on Monday morning stood at 6227.37 with 120 CSF of water leaving the gates in town. Precipitation for the week was .42 of an inch. Snow on the ground in Tahoe City measured 32 inches. Coldest day of the past week was on the 3rd with 18 degrees and warmest was on the 1st with 50.

Mrs. Michael Korrich, sister of Mrs. Dorothy Morhain of the Tahoe telephone office, accompanied by her husband and daughter, Judith, motored up from Sacramento to spend last weekend here.

F. A. Kilner of Laguna Beach visited the Tahoe region last week.

A. M. Anderson wah returned to his home here on Sunday following a visit to the hospital in Reno for medical attention. He is much improved.

Mr. and Mrs. William Langbehn of Tahoe Park entertained Mrs. Helen Edgar and her sister Ester Mahoney of San Francisco over the weekend. Both enjoyed immensely their frolic in the snow.

Mr. and Mrs. Stanley Martin had as their houseguests last weekend Mrs. Paul Crandall and son Kenneth of Napa.

Jacquelyn Kincaid and Norb Conial left on Monday for Hollister following a visit with the Charles Swansons in Sunnyside.

::

REQUEST TO BUILD WAREHOUSES AT LAKE IS REJECTED

TAHOE CITY—The Placer County Planning Commission on Feb. 27 at their regular meeting Auburn turned down the plea of John Heffernan, Kngs Beach real estate operator, for permission to change the status of two lots along the lakshore in Kings Beach from residential property to commercial.

Residents of the area affected appeared to protest the change and numerous letters and telegrams were also received. Heffernan had planned the erection of a large warehouse on the lots.

SHERIFF FILES FIRST IN PLACER BALLOT CONTEST ON JUNE 4

AUBURN— Sheriff E. J. Kenison became the first candidate for sheriff to obtain his nomination papers from County Clerk Lillian Rechenmacher. Kenison, who announced his intentions to run for sheriff several weeks ago, obtained his papers last Wednesday.

Appointed Placer county sheriff last December by the board of supervisors to fill the unexpired term of the late Charles Silva, Kenison will seek election for the next four years in the June 4 primary election.

Before becoming sheriff, Kenison served as chief deputy under Silva for several years. He was instrumental in obtaining the evidence used to convict Glenard Brown of the slaying of Mrs. Ada Belle Turner.

A native of Placer county, he is the son of the late A. W. Kenison, former supervisor and Auburn businessman.

Kenison has traveled extensively throughout the county in the years he has been associated with his present office and s well known to most Placer residents.

::

SACRAMENTO, March 7 —(UP)— Peace time jobs for war-learned skills were offered to former war workers and veterans this week by the federal bureau of reclamation. The bureau said it needs employees ranging in classification from engineers to $1 an hour laborers to work on the Central Valley projects.

$400,000,000 Five-Year Expansion Program
Excerpts from the 1945 Annual Report

"ALTHOUGH it experienced an exceptional growth throughout the war years, our company did not profit from the war. The tabulation . . . comparing the year 1945—the end of the route to Tokyo Bay—with 1939—the year in which ominous war clouds cast their impending gloom—vividly portrays, not only what our company's expansion has been throughout the years of its war effort, but also the impact of this expansion on its major operations.

"The phenomenal development of the Pacific Coast with its tremendous strides in commerce, industry, military and naval activities has placed, and will continue to place, exacting demands upon our company. With the nationwide interest in this far-flung section with its rapidly expanding markets and its outstanding growth potentialities, our company will experience in the immediate years ahead, as they are now visualized, an unprecedented expansion.

"Our immediate task ahead is to render service to all who want it and to restore and to take our service to new heights. As it announced December last, in the immediate five-year period our company will be required to make expenditures for new construction aggregating $400,000,000 and, as a consequence, extraordinary amounts of new capital will be required. The execution and speed of this entire program are dependent upon the flow of available manpower, materials, money and the level of business conditions. The consummation of the program for 1946, now well under way, will require, it is estimated, an all-time high expenditure of upwards of $90,000,000 for new construction. This compares with the $35,800,000 expended in 1945. Inclusive of materials re-used, the gross plant additions for 1946 are estimated at well over $100,000,000. This expenditure will be more than double the 1945 gross plant additions of $48,791,000.

"To do all the things we have in mind will take men, materials and money. Our program will offer employment opportunities to many men and women not only in the manufacture, construction and installation of the added plant, but also in the maintenance and operation of a continuously improving and expanding service. Our vast undertaking will require for its accomplishment earnings that are sufficient to attract the huge sums of new capital needed. Expressing as it does a fundamental significance to every city, town, village and hamlet throughout the Pacific Coast, the consummation of our unprecedented program will result in increasing the plant investment of our company by almost 50 per cent, bringing its total plant investment to an amount aggregating upwards of a billion dollars.

"The era of tremendous expansion that our company has now entered places responsibilities of the first magnitude upon our management. We go forward with a firm faith that a telephone service rendered well will continue to be well received. In our company's following out its established policy—to furnish the best possible service; to render the service as economically as possible; to charge for the service only an amount to keep our company financially vigorous—it is of vital importance that its earnings be such that they will continue to attract the necessary amounts of new capital needed to accomplish these objectives. Earnings that are adequate are in the public interest, because earnings that are less than adequate necessarily jeopardize the efficiency and the scope of the service. Thus, our company and the public it serves have a common interest. In full recognition of that interest, the charges for the service rendered should reflect a fair treatment policy expressed in rates which, at all times, will be such that sound economic considerations will prevail in the interest of all parties—the patrons, the employees and the investors.

"A successful nation is a prosperous nation. In order to increase and to sustain the production which is vital to that prosperity, business and industry must, of necessity, prosper as must their personnel who, through the dedication of individual effort, contribute to the forward march of America. This fundamental concept, the recognition of the dignity and worth of the individual and the value of free enterprise, with equal opportunity for all—the American way of life—has produced the highest standard of living among all peoples. Progress has been the measure of the welfare of our great Nation—it will be the earnest endeavor of our company, as it has been in the past, to render a communication service, which through its scope, efficiency and dependability, will continue to make its full contribution to that progress."

Grandma will tell you that Pearl Oil was a kerosene leader in her day—just as it is now. It doesn't give off smoke, soot or gases that might smell up rooms. It gives more heat with bright steady flame that won't creep up to scorch pies, cakes. And Pearl Oil is *pure*—it all burns—no waste! Use it in all your kerosene appliances.

"Atom" Packing Mama Trys Hold Up in East

MARYSVILLE, March 7 —(UP)— Atom bombs—the kind mother maker—were used by Mrs. Anita McCree of Marysville in a recent attempt to hold up a grocery store in Detroit.

She entered thet store brandishing a bottle, saying it was an atomic bomb, and demanding the store's cash.

Skeptical police booked her on a charge of assault with intent to commit robbery—while unarmed.

Mrs. McCree pleaded guilty.

THE SIERRA SUN AND TRUCKEE REPUBLICAN
Commercial Printing Department
Telephone 161 Truckee, Calif.

'I SHALL RETURN IN VICTORY' . . . A promise made by Generalissimo Chiang Kai-shek to the people of Shanghai was recently carried out. The Generalissimo and Mme. Chiang are shown as they leave the city hall, during their welcome by more than 100,000 persons, representing various organizations and political parties.

WESTERN G. O. P. DRAWS PROGRAM AT UTAH SESSION

SALT LAKE CITY— Republican leaders representing eleven Western states and Alaska recently declared in a platform adopted here that "human rights" must not be subjected to regulation from Washington.

They charged that "leadership in the Democrat Party by word and act has espoused a cause and a course, radical and un-American" and asserted that "only through the election of a Republican Congress can our Nation reestablish its economy on a sound basis and insure the future of all our people".

The conference adopted resolutions affirming Republican belief in free enterprise, in the right of every citizen to a review in court of any government regulation or directive in labor's right to organize, and asserted that public interest in labor disputes.

The platform resolved that industrial war plants owned by the United States should be sold promptly to private industry and the west industrialized to the point consistent with available markets.

The Republicans declared they favored lifting of wartime restrictions on the mining industry to encourage development, purchasing and coinage of domestic gold and silver, restoration of free gold circulation, and the removal of silver ceiling prices.

The delegates resolved that tillable lands should be opened to homesteading with priority privileges to all returning veterans and favored revising the parity formula to include farm labor costs and family labor. They said they believed ownership of public lands not essential for federal purposes should be transferred to states' control. They emphasized conservation of resources by declaring that fisheries should be fully protected by domestic regulations or treaties and that full development of forests should be undertaken.

The Republicans expressed opposition of government-sponsored river valley developments, declaring that the "sweeping" authority vested in them menaced the American way of life.

Other planks in the platform included restoration of shipping of exportable goods in American shipping to the Seven Seas; halting lumber exportation until critical shortages are alleviated in the United States; granting Alaska the right to elect its governor.

An acre was originally the amount of land a man could plow in a morning.

Presidential Quiz

By Major Wm. G. Murdock

1. What president at his death was so in debt that his burial expenses were paid by his friends?
2. Who was the first president inaugurated in Washington?
3. Which president's last words were "This is the last of earth. I am content"?
4. Which president was born on the Fourth of July?

Calvin Coolidge

Answers

1. James Monroe.
2. Thomas Jefferson, in 1801.
3. John Quincy Adams.
4. Calvin Coolidge was born July 4, 1872.
5. John Adams and Thomas Jefferson both died July 4, 1826 and James Monroe died July 4, 1831.

Congress Cools Off

The air conditioning plant for the Capitol, Senate and House Office Buildings in Washington has a daily refrigerating capacity equivalent to the melting of a block of ice 50 feet by 50 feet by 50 feet.

MORE FOREST FUNDS SOUGHT FOR STATE BY CHAMBER GROUP

SACRAMENTO, March 7 —(UP)— California's state chamber of commerce called on Congress to make increased appropriations for the development of recreational facilities in the state's national forests and parks.

The current department of agriculture appropriation bill, which asked an additional $500,000 for such a program, was pared to $100,000 by the budget bureau, the chamber said. California's share for its 17 national forests will be only $53,000.

Joseph R. Knowland, publisher of Oakland Tribune and chairman of the chamber's travel and recreation committee, declared that studies showed recreational facilities were needed for 4,600,000 visitors annually before the war and the prospects for 1946 are for a large increase.

"Studies revealed badly deteriorated or obsolete facilities in national parks and forests through wartime cessation of recreational improvment," Knowland stated.

"Forty-three per cent of California's total area is federally owned, including 24 per cent of the state's total land within national forest and national park boundaries," Knowland said.

"The U. S. forest service has continually sought funds for recreational development. Request was made for $1,750,000 for national recreational use in the recently passed deficiennoy bill but nothing was included by Congress," he stated.

Knowland pointed out that the need for additional appropriations was increased by the state's growing population and the fact that thousands will now have more time for recreation because of the five-day work-week in many types of work.

Bubble Gum Bootlegger Nabbed by OPA Officials

The practice of tie-in sales (anathema to OPA) has gone too far. It would have been bad enough if Donalee's dad had had to buy some rum or brandy in order to get a bottle of good whiskey. Or if her mom had to take a dress to get a pair of nylons. But when Donalee could not buy a penny stick of bubble gum unless she also bought a five cent candy bar, that was intolerable. She said the candy was no good.

And that is why Wilfred Keene proprietor of a variety store in Oakland, had to pay a $60 penalty to OPA for violating regulations which prohibit forcing a purchaser to pay an unwanted article in order to buy one that he wants.

When 11 year old Donalee Norris together with a group of juvenile consumers held an indignation meeting in her mother's home, Mrs. Kay Norris telephoned to the OPA Price Control Board.

Board members put aside butter used cars, meat, building materials, shorts, shirts and rent to take up bubble gum.

BIBLE TRUTHS

CHILD CARE

Train up a child in the way he should go: and when he is old, he will not depart from it. Prov. 22:6.

He that spareth his rod hateth his son: but he that loveth him cleanseth betimes. Prov. 13:24.

Children, obey your parents in the Lord for this is right.

Honor thy father and mother; which is the first commandment with promise: That it may be well with thee and thou mayest live long on the earth.

And ye fathers, provoke not your children to wrath, but bring them up in the nuture and admonition of the Lord. Eph. 6:1-4.

And he lifted up his eyes and saw the woman and the children: and said, Who are those with thee? and he said, The children which God hath graciously given thy servant. Gen. 33:5.

Instruct them in God's word.

Therefore shall ye lay up these my words in your heart and in your soul.

And ye shall teach them your children speaking of them when thou sittest in thine house, and when thou walkest by the way. Deut. 11:18-19; Titus 2:4; Matt. 18:4-6; Mark 10:14-16.

Bank of America Aiding At Navy Surplus Sales

To facilitate the flow of surplus Navy material into home building and other civilian activities in California, Bank of America announces it has sent its special respresentative M. C. Jack Foster to the base at Port Hueneme to facilitate credit arrangements for buyers.

Vast stores of materials on sale during the period March 4-27 total $18,500,000 in value and include lumber, hardware, cast iron pipe, tools, gypsum, machinery, earth moving equipment and many other categories of surplus equipment, stores and commodities. The goods are sold on the site by the War Assets Corporation for immediate delivery.

Bank of America has a banking office on the site, and Foster and his aides are available both there and at the branch of the bank in nearby Oxnard, prepared to furnish the fastest possible credit service to builder, dealers and individuals who may wish to make purchases beyond their ready cash resources.

LOYND'S
TRUCKEE DRUG

Capitol Week

by DOUGLAS JAQUES
United Press Staff Correspondent

SACRAMENTO, March 7 —(UP)— The official eye was turned on crime this week. First Gov. Earl Warren blasted crooks and swindlers before his executive council.

"We must make every effort to crack down on crooks and swindlers who are flocking to California to fleece our veterans and war workers. These sharpshooters are just looking for a way to take our people into camp," the governor said.

His council promised every step possible would be taken to wipe out "swindler types."

Then later in the week Attorney General Robert W. Kenny called a meeting of local police chiefs in Sacramento, a part of a quarterly program of his. The chiefs compared notes on crime waves and preventative measures.

And they worried about the increasing number of drunk drivers in the state. Some of them would like to see a revision of the law which calls for convicted drunk drivers surrendering their licenses. This is resulting in few guilty pleas and more court trials, where convictions are sometimes difficult to obtain.

The week saw the beginning of the so-called windy months—and introduced an undoubtedly windy season the pre-primary election period.

Gov. Warren, for example, announced he would be a candidate for re-election on both the Democratic and Republican parties. Attorney General Kenny said he would decide within a week or two whether to oppose Warren as a Democratic candidate or to seek another term in his present office.

Others who have announced they will be in various races include Carl S. Kegley, deputy attorney general from Los Angeles, for attorney general; H. Dewey Anderson, former state relief administrator from Palo Alto, for state school superintendent—"probably"; State Treasurer Charles G. Johnson, for reelection; and State Senator Jerrold L. Seawell, president pro tempore of the senate, for a position on the board of equalization.

Several bills passed by the recent special session of the legislature became law when they were signed by the governor. Veterans' bills signed included:

An appropriation of $750,000 to continue the state's educational aid program; a $250,000 appropriation for temporary dormitories for veterans at colleges and universities; a bill allowing the veterans welfare board to fix the interest rate on farm and home loans at from 2½ to 4 per cent; an appropriation of $75,000 for an expanded apprenticeship training program; and a bill which allows veterans to be admitted to the bar on motion if they had completed two years of study before entering the service and subsequently graduated from an accredited law school.

At the end of the week, the state in a sense embarked on a new adventure: it began operation for the first time of child care centers. Federal support of th 408 institutions ceased on March 1, and the state took over with the $3,500,000 appropriated by the recent special session.

The whole program is in the hands of the state department of education. District education board will pass on applications for admission, and although there is a "means test" requiring applicantst to show need before their children will be admitted, the department has made the rules flexible.

"We want these institutions to be human," administrators said.

NORTH TAHOE

by MADELINE GALLERANI

Mrs. J. J. Mandeville was elected president of the Kings Beach Mothers Club at the meeting held on Thursday, February 28, in the elementary school building. Mrs. Thomas Kyncy is the new vice president, Mrs. Mulford Miles, secretary, and Mrs. W. E. English, treasurer. Mrs. B. Krueger and Mrs. Lloyd Decker became members of the active organization at the meeting which was attended by 20 ladies. Refreshments were served at the close of the business by Mrs Borue O'Brien and Mrs. John Gallerani.

A special meeting of the Mothers Club will be held on March 21 to discuss tentative plans for a minstrel show.

George Meisenheimer of Tahoe Vista was returned to the Washoe General Hospital this week for the continued infection in his arm.

Mrs. A. Gallerani was returned to her home Monday from Washoe General Hospital where she had been taken on Sunay when she experienced an attack of acute indigestion. She is confined to her bed this week.

Mr. and Mrs. Gilbert Ballard and son Carroll returned on Friday from their trip to Louisiana.

Mrs. Thomas Sutton of Kings Beach was hostess at an afternoon tea on Tuesday afternoon for the following guests: Mesdames Earl Nelson, I. Miles, Paul Riggs, Carl Brooks and Loren Thornhill of Reno

Marriage License—

A Reno marriage license was obtained on March 2 by Robert E. Lynch, 31, and Mabel O. Wilson, 21, both of Truckee.

Back from Capital—

Mr. and Mrs. Peter Del Ponte of Sacramento accompanied Mrs. John Moro to Truckee Monday when she returned from a vacation in the capital city.

Observes Birthday

Dorothy Parkhurst observed her birthday Saturday.

Remodeled Dining Room Reopened by Pete Lazzari

Completely remodeled and with new fixtures and appointments, the Donner Hotel dining room was reopened on Tuesday night by Mr. and Mrs. Pete Lazzari on the occasion of the former's birthday. Guests enjoyed the spendid dinner and extended to Mr. and Mrs. Lazzari their heartiest best wishes. The dining room was closed several weeks ago while it underwent a complete renovation in the kitchen, dining room and bar.

At Resort—

George and Fred Kehlet were at their Meeks Bay resort during the weekend preparing the property for an early opening. They made the circle into Reno and returned to their winter home at Palm Springs. George Kehlet says he believes the lake is in for a record season this year.

Brothers Visit—

Arthur Cozzalio of San Francisco visited local relatives last weekend while a guest at the home of his mother and brother, Dr. C. C. Cozzalio.

Here from East—

Louis Miller of New York City nephew of the late J. Zorich, visited here last week. He was just discharged from the army after service in Europe.

Breaks Leg—

Mrs. Max Straubhaar was taken to Reno for medical treatment on Monday following a skiing accident during which she broke her lower right leg.

Dinner Opens O. E. S. 1946 Season Tuesday

Truckee Chapter No. 116, O.E.S., resumed meeting for the 1946 season on Tuesday evening with Ametta Cabona, worthy matron, and C. B. White, worthy patron, presiding.

The pot luck dinner was a highly successful affair and the committee was commended for making the occasion so enjoyable.

The dinner was the result of a contest captained by Mrs. Elizabeth Bavier and Mrs. Edith Deaton. Each team was given a specified amount to raise for the chapter activities and for the best stories as how the money was earned received awards Mrs. Fern Schleuter and D. W Bowen receiving same.

Mr. and Mrs. Laurence Owens returned on Saturday from Rock Springs, Wyoming. Their son Herman recently released from the service will remain here until returning to school in the east.

From Nebraska—

Joseph Schumacher and his son and daughter, Ernest and Sadie, of Minnitare, Nebraska, have arrived here to visit for a time with Mr. and Mrs. Vernon Parkhurst. The elder Schumacher is Mrs. Parkhurst's father.

Bridge Hostess—

Mrs. Harld Langille was hostess at a bridge party yesterday afternoon for the Wednesday Eightsome. All members of the group were present.
